DRAKENVLIEGER!

BOUWINSTRUCTIES

Wat krijg je als je twee thema's van verschillende LEGO® sets combineert? Het antwoord: wat je fantasie maar kan bedenken! We gaven de meesterbouwers van LEGO twee heel verschillende sets en vroegen ze iets heel geks te bedenken. En ze kwamen met deze suizende, snelle, door jet aangedreven drakenvlieger!

Bouw hem zelf met steentjes uit LEGO City 7726 Coast Guard Truck met speedboot en LEGO Agents 8634 Missie 4: Turbocar Chase!
